

# RUN THROUGH YOUR FINISH TAPE

- 1 Print the following 8 pages
- 2 Where you see ✂ cut along the designated lines
- 3 Where it says Overlap you will line up the subsequent page so that it overlaps, aligning the image and then loosely adhering so that it can easily break on contact
- 4 Recruit a couple of friends to hold the finish tape across your path so you “break the tape” as you finish!
- 5 Celebrate!
